

Attachment

to ISO 9001:2015 certificate of approval No 00012856 dated 12 March 2024, expiring on 11 March 2027 issued to:

O.M.R. Officine Meccaniche Righi S.p.A.

Via Primo Levi 13, 27049 Stradella Pv, Italy

The Quality Management System supports the requirements of

Annex I, chapt. 4.3 of Directive 2014/68/EU

for the manufacturing of:

Design, manufacture and stockholding of seamless and welded carbon, low temperature carbon, high yield carbon, low alloy, ferritic alloy, nickel alloy, stainless, ferritic-austenitic steel and non ferrous alloy fittings and special pieces up to 120" and associated pipelines products branded PIANA.

Butt welding fittings, flanges, pipes and special items to drawing, in carbon, low temperature carbon, high yield carbon, low alloy, ferritic alloy, stainless, nickel alloys, ferritic-austenitic steel, titanium and special non ferrous alloys from 0.5" to 80" branded GAM.

and the following products and materials

Carbon, Low Carbon and Alloy Steel for Low, Room, Moderate and Elevated temperature:

EN 10216-2, EN 10208-2, ISO 3183, EN 10028-2, EN 10253-1/2, ASTM/ASME A/SA 182 & 234 WPB-WPC, ASTM/ASME A/SA 420 series, MSS-SP75 WHPY 42-46-52-60-65-70, ASTM/ASME A/SA 860 WPHY 42-46-52-60-65-70, VdTUV 511/2, VdTUV 109, DIN 17173,

ASTM/ASME A/SA 234 WP alloy series, RCCM CL2-CL3-NC;

Austenitic Steel:

EN 10216-5, EN 10217-7, EN 10028-7, EN 10253-3/4, ASTM /ASME A/SA 182 & 403, ASTM/ASME A/SA 774, RCCM CL1-CL2-CL3;

Ferritic/Austenitic Stainless Steel:

ASTM/ASME A/SA 815, RCCM CL1-CL2-CL3;

Nickel Alloy:

ASTM/ASME B/SB 366;

Copper Alloy:

Copper-Nickel ASTM/ASME B/SB 466;

Titanium Alloy:

ASTM/ASME B/SB 363.
